

Top 10 Reasons Why Financial Services Companies Choose DocuSign

SEND A DOCUMENT

Create Your Signature

1. Standard in Financial Services

DocuSign is the de facto standard in financial services. 10 of top 15 U.S. financial services companies select DocuSign as their Digital Transaction Management (DTM) platform.

2. Bank-Grade Security

DocuSign is the only DTM provider that offers cloud-based, customer-controlled data encryption within their own data center and leading bank-grade security certifications.

3. Carrier-Grade Architecture & Operations

DocuSign's Carrier-Grade System Architecture, a first in SaaS, eliminates maintenance downtime and ensures the highest level of availability, performance resiliency, and data integrity.

4. Rapid Time-to-Value

DocuSign offers unmatched speed to value for customers via pre-built financial services specific functionality like automated e-mail archiving, send to manage, DocuSign Transaction Rooms, and more.

5. Largest Financial Services Partners Ecosystem

DocuSign's partner ecosystem includes leading financial services such as: iPipeline, Fiserv, DocuPace, Laser App, Laserfiche, Ebix, Oracle, Microsoft Office 365, eOriginal, and many others to help you maximize the return on your investment.

6. Leader in Consumer Transactions

DocuSign is the leader in customer facing digital transactions: loan documents, account openings, wire transfers, account openings, account change forms, regulated disclosures, legal agreements, and more.

7. World-Class Mobile Experience

DocuSign enables transactions anytime, anywhere, on any device. DocuSign is the only solution that offers native mobile apps for all major platforms: IOS, Android and Windows to ensure the easiest and fastest sending and signing experience.

8. Ranked #1 by Analysts

Leading Analysts rank DocuSign the number one Digital Transaction Management company due to its large investment in R&D and strong customer focus.

9. Award Winning APIs

DocuSign is "in a class by itself" for its APIs according to analysts. Typical financial services architectures include 200+ enterprise applications and require seamless integration for any advanced digital transactions.

10. Global Enterprise Standard

DocuSign leads the industry with more than 100K customers and more than 50M users across 188 countries. Everyday, more and more businesses choose DocuSign as their Digital Transaction Management partner to take their enterprise fully digital.
