

## DocuSign® allows you to send, sign, and approve documents from wherever life takes you.

DocuSign enables organizations of any size to securely send, sign, track, and store business-critical documents directly within Salesforce. DocuSign for Salesforce helps increase employee productivity by enabling faster transactions and keeping business processes digital from end to end. The solutions are deployed through the cloud and are available to all of your users anywhere, anytime, and on any device. DocuSign is secure, legally enforceable around the globe, and can reduce business risk by ensuring compliance with various policies and regulations.

## Key Features

- Intelligent template recognition helps you get your most-used documents out the door, faster.
- Most downloaded app on the Salesforce AppExchange & a Salesforce Platinum Partner
- #1 e-Signature solution & exclusively used by Salesforce.com
- Lightning ready
- Works across Salesforce Cloud Solutions, including Sales Cloud, Service Cloud, Salesforce CPQ, and Communities
- Merge data from any object
- Streamline routing with automated workflows
- Two-way data flow eliminates manual data entry
- Sign in-person, or on any device
- Increased pipeline visibility with real-time updates via Chatter

## Administrative Features

- Admin dashboard allows easy deployment across your organization
- Create custom buttons
- Customize with recipes
- And more

## Highest Standard of Legal Protection and Compliance

With presence in 188 countries, you can trust that DocuSign meets statutes and regulations around the world, and leads the industry in compliance and enforceability. We provide the most authentication options, a comprehensive digital audit trail, and bank-grade security.

- DocuSign is ISO 27001 certified internationally, and warrants to the federal E-SIGN act.
- Demonstrable authentication measures such as clear, non-repudiation audit trail, encryption, tamper-sealed certificates, chain of custody, and more.
- DocuSign meets specialized rules from the FDA, FTC, FHA, IRS, FINRA, among many others.
- DocuSign is Payment Card Industry Data Security Standard (PCI DSS) compliant as both a merchant and a service provider, as well as Health Insurance Portability and Accountability Act of 1996 (HIPAA) compliant.
