

## Request payments and signatures in one step

Many businesses need to collect payment and signatures as part of the same agreement process. Today, these two steps are separate and disjointed with over 65% of businesses surveyed\* experiencing payment delays or failure to collect altogether. Existing payment and signature collection processes also result in wasted time chasing down money owed, poor customer experience, inaccuracies and errors, and distraction from revenue-generating opportunities.

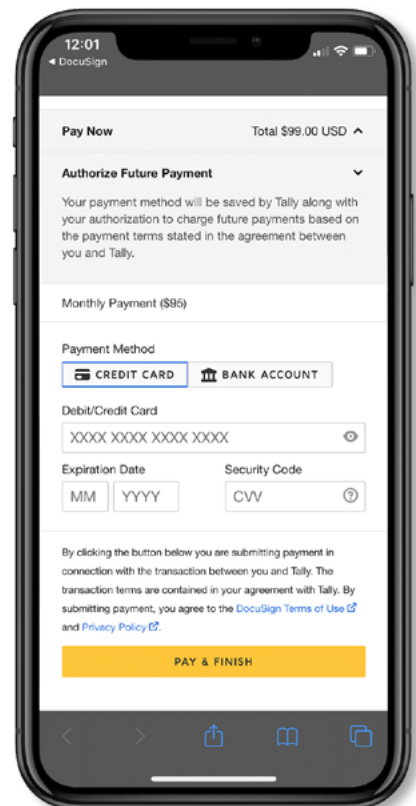

### DocuSign Payments is a fast and easy way to request payments and signatures in just one step
