

Securely Sign Agreements Live with DocuSign eSignature for Zoom

In-person experiences have been completely transformed—where possible shifting to remote experiences. In the anywhere economy employees, clients, partners all now expect to be able to conduct business no matter where they are.

With DocuSign eSignature for Zoom it's even easier to complete agreements from anywhere. Review, sign and complete agreements right from a Zoom video conferencing session.

Reimagine agreement processes with virtual, face-to-face signing experiences that will accelerate agreements and improve satisfaction.

Build trust and loyalty

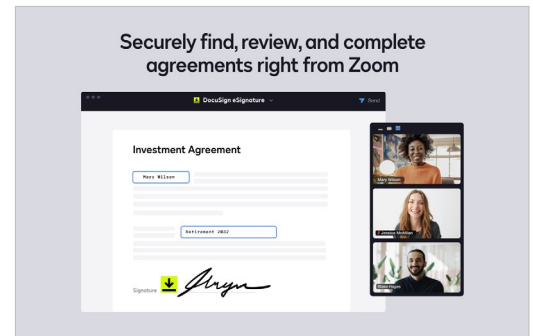

Whether it's new hire onboarding or a sales contract, provide convenient, face-to-face agreement experiences from anywhere. Build better relationships while saving signers the hassle of needing to meet in person.

Boost efficiency and streamline your processes

Sometimes users have questions before they sign. DocuSign eSignature for Zoom eliminates the email back and forth and allows senders and signers to discuss the agreement details live from a Zoom meeting. Signers can then sign the agreement instantly right from Zoom.

Reduce risk

Protect agreements when sharing in Zoom with robust security controls. With eSignature for Zoom only share the relevant agreement. Attendees can't see the host's desktop, browser window, or other DocuSign agreements—helping reduce security risks.
